

2025-2026 Verification Worksheet - Independent Student FAQ's

Your 2025-2026 FAFSA was selected for verification, a process in which the financial aid office must obtain documentation to ensure accuracy of the information submitted on the FAFSA. Information provided on the FAFSA will be compared with required documents (2023 IRS Tax Returns, W2s, etc.). If there are differences, your FAFSA information may need to be electronically corrected.

Why was I selected for Verification?

The main reasons for being selected for verification include that you were chosen randomly, the FAFSA you submitted was incomplete, your FAFSA contains estimated information, or the data you provided on the FAFSA is inconsistent. Verification is a federal regulation. Students who are selected for verification are not being punished; rather, verification prevents ineligible students from receiving aid by reporting inaccurate information and ensures that eligible students receive all of the aid for which they are qualified.

What documents should be submitted?

You will be notified via email by the Financial Aid office. You can also check through your TigerConnect by selecting **Documents Requiring Attention**. The **Missing Documents** link will list out documents needed, including those related to verification.

What happens if I do not complete verification?

Students who do not complete verification during the 2025-25 year cannot receive state, federal and some institutional financial aid for the entire 2025-25 year. Students can still attend class without completing verification, but those students must find an alternative method of payment for school besides financial aid. Students must complete verification by June 15, 2025. However, delays in submitting documents could result in ineligibility due to timing of file receipt and/or completion and late penalties may be applied to your student account if you fail to make satisfactory payment arrangements with the Business Office.

What if I or my spouse applied for a tax extension?

An individual who is required to file a 2023 IRS income tax return and has been granted a filing extension by the IRS beyond the automatic six-month extension for tax year 2023, must provide:

What Happens after I submit the documents to Financial Aid

If necessary, we may request additional information and/or documentation to resolve any discrepancies that arise during the processing of your paperwork. In the event we must contact you, please respond to these requests as quickly as possible, as failure to do so will only further delay disbursement of your financial aid. Once all documents are submitted for processing, turnaround time is within 7-10 business days. If necessary, a follow up email will be sent once verification is complete explaining any changes in EFC and/or awarding.
